

Florida Museum of Natural History Dugout Canoe Exhibit

# WHAT ARE CANOES?

---

**WHAT IS A CANOE?**

---

# WHAT IS A CANOE?

A canoe is a small, narrow boat that is open on top, and is often powered by people.

# WHAT IS A CANOE?

How is a canoe  
different from other boats?

# WHAT IS A CANOE?

A canoe has many uses beyond transportation.

What are some other things you could use a canoe for?

# WHAT IS A DUGOUT CANOE?

---

# WHAT IS A DUGOUT CANOE?

A dugout canoe is a canoe that is made from a hollowed-out tree trunk.

# WHAT IS A DUGOUT CANOE?

What tools are used to make dugout canoes?

# WHAT IS A DUGOUT CANOE?

What tools are used to make dugout canoes?

✘ Axe

# WHAT IS A DUGOUT CANOE?

What tools are used to make dugout canoes?

- ✘ Adze

An adze is similar to an axe, except the blade is perpendicular to the handle, and slightly curved.

# WHAT IS A DUGOUT CANOE?

What tools are used to make dugout canoes?

✘ Gouge

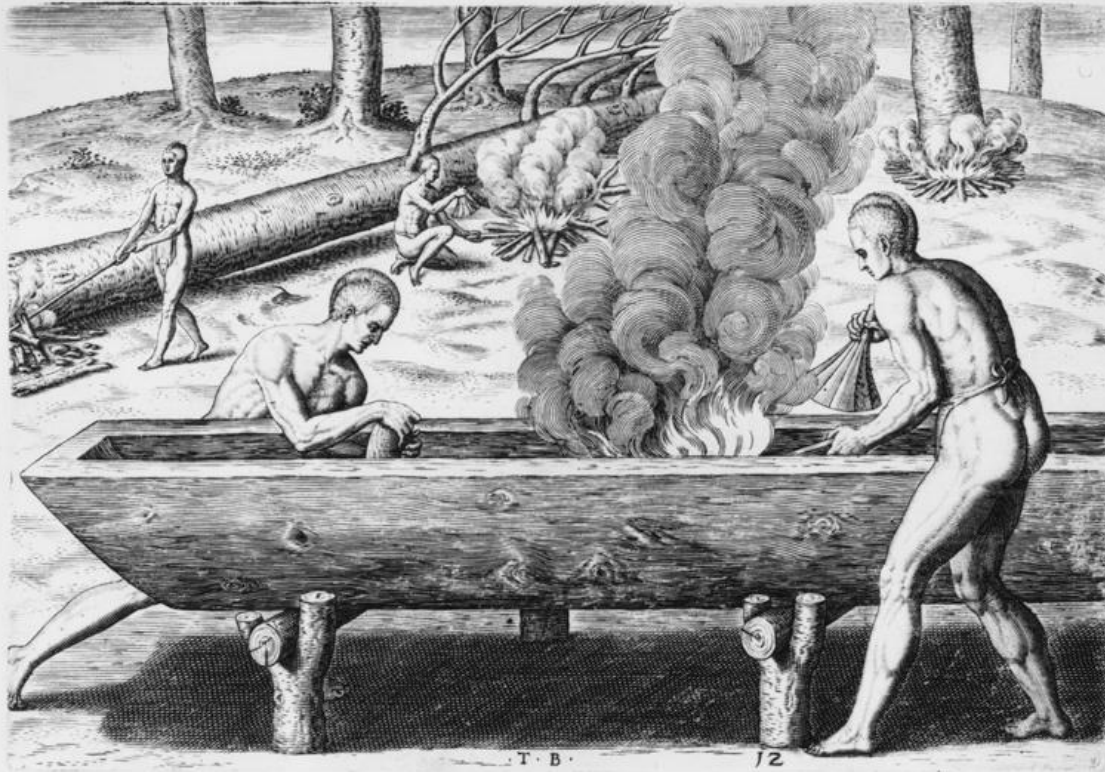

A gouge is a chisel-like tool generally used in woodworking.

# WHAT IS A DUGOUT CANOE?

What tools are used to make dugout canoes?

✘ Fire

# WHAT IS A DUGOUT CANOE?

Do you think dugout canoes can include things like sails and motors? Why or why not?
